Stearidonic Acid Ethyl Ester

CAS 119798-44-6 · CATO catalogue no. C3D-5349

Structure - for identification

Molecular formula	C20H32O2
Molecular weight	304.47
Appearance	Clear Colourless Oil
Storage	-80+/-5 degC
Purity	Typical 99.2%
Assay / content	98.2%
HS code	2916.19.00.90
Country of origin	China
InChIKey	RIDOSNBWMUADGT-AFSLFLIVSA-N

About this standard

Stearidonic Acid Ethyl Ester, CAS 119798-44-6, C20H32O2 reference standard from CATO. Batch COA and MSDS available, shipped worldwide.

Pack sizes and lead time

25 mg	In stock
50 mg	10 days
100 mg	10 days

Quantities above the listed pack sizes are quoted on request. Prices are quoted per enquiry - no price list is published on this site.

Documentation on file

- Certificate of analysis - issued per lot, with the analytical basis for the assigned content or purity.
- Safety data sheet - supplied for the catalogue item and used for the transport classification.
- Chromatograms or spectra - tell us what your method or filing needs and the quotation will state what can be provided.

How to order

Send the catalogue number (C3D-5349), the pack size and the quantity to chao.lu@cato-chem.com. The reply covers availability, lead time, documentation and shipping for the specific lot, usually within one working day.
