Clarithromycin EP Impurity B

CAS 299409-85-1 · CATO catalogue no. C4X-100218

Structure - for identification

Molecular formula	C37H67NO13
Molecular weight	733.93
Appearance	White to off-white solid
Storage	-20 degC+/-5 degC
Purity	Typical 96.2%
Assay / content	91.4%
Country of origin	China
InChIKey	NRUFZDDXCQSRMR-LMEYZBMVSA-N

About this standard

Clarithromycin EP Impurity B, CAS 299409-85-1, C37H67NO13 reference standard from CATO. Batch COA and MSDS available, shipped worldwide.

Pack sizes and lead time

10 mg	In stock

Quantities above the listed pack sizes are quoted on request. Prices are quoted per enquiry - no price list is published on this site.

Documentation on file

- Certificate of analysis - issued per lot, with the analytical basis for the assigned content or purity.
- Safety data sheet - supplied for the catalogue item and used for the transport classification.
- Chromatograms or spectra - tell us what your method or filing needs and the quotation will state what can be provided.

How to order

Send the catalogue number (C4X-100218), the pack size and the quantity to chao.lu@cato-chem.com. The reply covers availability, lead time, documentation and shipping for the specific lot, usually within one working day.
