Aflatoxin G1

CAS 1165-39-5 · CATO catalogue no. CCFD200342

Structure - for identification

Molecular formula	C17H12O7
Molecular weight	328.27
Appearance	beige powder
Storage	-20 degC+/-5 degC
Purity	Typical 100%
HS code	3002.49.90.20
Country of origin	China
InChIKey	XWIYFDMXXLINPU-WNWIJWBNSA-N

About this standard

Aflatoxin G1, CAS 1165-39-5, C17H12O7 reference standard from CATO. Batch COA and MSDS available, shipped worldwide. Pack sizes from 1 mg; request a quote.

Pack sizes and lead time

10 mg	In stock
25 mg	In stock
50 mg	7 days

Quantities above the listed pack sizes are quoted on request. Prices are quoted per enquiry - no price list is published on this site.

Documentation on file

- Certificate of analysis - issued per lot, with the analytical basis for the assigned content or purity.
- Safety data sheet - supplied for the catalogue item and used for the transport classification.
- Chromatograms or spectra - tell us what your method or filing needs and the quotation will state what can be provided.

How to order

Send the catalogue number (CCFD200342), the pack size and the quantity to chao.lu@cato-chem.com. The reply covers availability, lead time, documentation and shipping for the specific lot, usually within one working day.

CATO Research Chemicals Inc. (Guangzhou CATO Technology Co., Ltd.)
