Ochratoxin A

CAS 303-47-9 · CATO catalogue no. CCHM700855

Structure - for identification

Molecular formula	C20H18ClNO6
Molecular weight	403.81
Appearance	White to Light Brown Solid
Storage	-20 degC+/-5 degC
Purity	Typical 99.3%
Country of origin	China
InChIKey	RWQKHEORZBHNRI-BMIGLBTASA-N

About this standard

Ochratoxin A, CAS 303-47-9, C20H18ClNO6 reference standard from CATO. Batch COA and MSDS available, shipped worldwide. Pack sizes from 1 mg; request a quote.

Pack sizes and lead time

10 mg	In stock
25 mg	In stock
50 mg	In stock

Quantities above the listed pack sizes are quoted on request. Prices are quoted per enquiry - no price list is published on this site.

Documentation on file

- Certificate of analysis - issued per lot, with the analytical basis for the assigned content or purity.
- Safety data sheet - supplied for the catalogue item and used for the transport classification.
- Chromatograms or spectra - tell us what your method or filing needs and the quotation will state what can be provided.

How to order

Send the catalogue number (CCHM700855), the pack size and the quantity to chao.lu@cato-chem.com. The reply covers availability, lead time, documentation and shipping for the specific lot, usually within one working day.

CATO Research Chemicals Inc. (Guangzhou CATO Technology Co., Ltd.)
